

DC Preferred Partner Hospitals, Clinics and Medical Travel Coordinators

A Diplomatic Council
hospitalscout.com
& Temos International Project

The Diplomatic Council (DC) is a global Think Tank established with the objective to serve as a bridge between diplomacy, economy and society. It proudly enjoys the consultative status with the Economic and Social Council of the United Nations (UN).

The main aim of the Diplomatic Council is to contribute the power of diplomacy for peace everywhere on earth. Worldwide cooperation is the only instrument which may help in solving international problems on any level: economical, social, cultural or humanitarian. The respect of human rights and fundamental freedom of people without differentiation in races, gender or religion should be cultivated and strengthened.

A thriving economy bringing prosperity to mankind is one of the best guarantors of peace. As members the Diplomatic Council welcomes not solely members of the diplomatic or consular corps but also personalities from all areas of life.

Temos International is the official hospital, clinic and medical travel coordinator certifier of the Diplomatic Council

Temos stands for:

Trust. effective medicine. optimized services.

Temos International accredits the world's best medical facilities as well as medical travel coordination.

After a long preparation phase and a quality check including an on-site visit, hospitals, dental clinics, rehabilitation, IVF centers, eye clinics and medical travel coordinators may become certified after a conscientious process.

The Diplomatic Council and Temos International have built up a cooperation to expand the trust in medical facilities for international patients. DC is awarding medical facilities as the top ones in the world. The goal is to make medical tourism and tourism medicine more and more popular and help people feeling safe and comfortable.

<p>Key performances</p> <p>GD Assist is the only one Corporate Company in Bangladesh who is working as a healthcare management company. Our medical network spans the healthcare tourism hubs of India, Malaysia, Singapore, and Thailand. We understand that speed is of essence in case of emergencies, and hence can activate visa-related procedures and doctor appointments in the fastest possible way. In effect, we can provide highly customized itineraries based on customer requirements, ensuring the best possible health outcomes. This also differentiates us from the others, as our response times are much faster, providing assurance to our customers.</p>	<p>Services for international patients</p> <ul style="list-style-type: none"> • Pre-travel support • Transportation services • Translation services • Touristic programs • Gender specific care • Services for handicapped people • Transparent billing • Detailed invoices • Post-discharge support • Local hospital appointments • Cashless service in hospitals • Tele-video consultation with local doctors (also with India, Thailand, Malaysia, Singapore, Turkey)

GD Assist Limited (continued)

Key performances

We have always placed customer trust and transparency on the highest pedestal. Hence, we ensure correct guidance on affordability under our medical tourism programs, backing this with prompt services at an expected price, which increases efficiency and helps save costs.

Our valued clients can get our services through online payment at 0% EMI rate.

Corporate wellness service: We organize comprehensive corporate wellness programs. As a part of this platform, we assist organizations from abroad in conducting health awareness campaigns across various corporate houses in Bangladesh. These health awareness programs will help your employees to understand the importance of sustaining good health, while remaining stress-free.

Main cooperating hospitals and clinics

- Evercare Hospital, Dhaka (Bangladesh)
- United Hospital, Dhaka (Bangladesh)
- Prince Court Medical Center, Kuala Lumpur (Malaysia)
- Raffles Hospital, Singapore
- Fortis Hospital (India)

Services for international patients

- Home delivery medicine service
- Medicines from abroad
- Home ECG & X-ray services
- Home sample collection
- Home COVID-19 sample collection
- Nany/caregiver service
- Oxygen cylinder service
- Air tickets
- Hotel accommodation
- Air Ambulance
- Ground ambulance
- Meet & Greet services

We also work as a Third-party administrator:

It's currently involved in bringing a new dimension to healthcare services by way working as a Third-Party Administrator (TPA). We process health insurance claims.

We handle the claims processing for an employer that self-insures its employees. We also manage insurance company's claims processing that includes providing medical documents, time to time patient's update and medical bill. Though patient can take cashless treatment, we provide Guarantee of Payment (GOP) to the hospital on the behalf of the patient.

Now as a TPA we are working with Global medical facilitator like: International SOS, AMA Global Assistance, BUPA, Mayfair, World Travel Protection, International Assistance Group, Global Benefits Group and also with national Corporate.
